# V-5000ab-C Isothermal Carousel Ln2 Freezer

**Product Description:** Custom BioGenic Systems V5000-AB/C Isothermal Carousel Liquid Nitrogen Freezers offer liquid nitrogen storage temperatures without liquid nitrogen contact. Liquid nitrogen is stored in our patented jacketed space in the wall of the freezer. This technology offers safe dry storage for your samples. With no liquid nitrogen in the storage area the risk of cross contamination and the safety risks associated with the handling of liquid nitrogen are greatly reduced. Our built in carousel can be safely rotated with an external handle, there is no need to reach inside the freezer and our square lid opening won't restrict access to square racks. All Isothermal Carousel freezers use our time tested and reliable 2301 controller with a dual temperature display, autofill and many additional features. Custom BioGenic Isothermal Carousel Liquid Nitrogen Freezers have an industry best temperature gradient that averages  $-193^{\circ}\text{C}$  inside the storage area.

## Features:

1. No need to remove one rack to access another.
2. No unnecessary exposure to room temperatures.
3. Carousel is rotated from outside of the freezer reducing the risk of injury or temperature fluctuations.
4. Exceptional temperature uniformity.

5. Easy access to samples from the front of the freezer.
6. Removable console allows for complete access to the sample storage space if necessary.
7. CBS Isothermal Carousel Freezers are cooled by a patented liquid nitrogen jacket, with no liquid in the sample storage space.
8. The only true dry storage freezer available.
9. No risk of cross-contamination though liquid nitrogen contact without the need for special packaging.
10. The isothermal design also provides added user-safety eliminating contact with or splashing of liquid nitrogen.

## **Accommodates:**

1. Aluminum square racks
2. Stainless steel square racks
3. Vertical racks
4. Mini racks
5. Canister and frame systems
6. Vials
7. Boxes
8. Canisters / Cassettes
9. Platform dividers
